A GRIMOIRE OF THE OLD RELIGIONS · VOL. II

A working journal of land, season, ancestor & craft.

Short passages open each section. Prompts and lined pages do the rest. Write in it. Date your entries. Cross things out.

— The Four Fires, kept the Irish way
— Twelve gods, heroes, and your own geis
— Plants, wells, ogham, and the triskele
— Charms, ancestors, and your oath

Honest about sources. Nothing here claims a closed lineage. Take what fits a full modern life. Leave the rest.
